## Topics:

1. Introduction
2. Demonstration on the new features that have been implemented
3. Conclusion

## **Summary:**

### **Introduction:**

1. Approving the meeting minutes from last meeting (12.06.2024): everything was good.

### **Demo:**

#### **1. Web Shift Change:**

1. Everything is good, just resolve the small error that popped up.

#### **2. Desktop Check-in and Check-out:**

1. Text is more readable
2. The minimum time before checking out is fine
3. The way the worked hours are displayed on the employee page works

#### **3. Desktop Automatic Scheduling Generator:**

1. Easy to tell which employees can't be assigned to a shift
2. Shift exchange requests is a good addition
